PROFESSIONAL SUMMARY

First-Year Cyber Security student with a strong interest in penetration testing, network security, and secure software development. Passionate about understanding how systems work, identifying security vulnerabilities, and building practical solutions through hands-on projects. Continuously expanding technical knowledge in programming, web development, and cybersecurity while seeking opportunities to apply and strengthen these skills.

EDUCATION

Bachelor of Engineering (B.E.) – Cyber Security

Prince Dr. K. Vasudevan College of Engineering and Technology

2025 – 2029

TECHNICAL SKILLS

Programming Languages

- Python
- Java
- JavaScript

Web Development

- HTML5
- CSS3
- Responsive Web Design

Database

- MySQL (Basic)

Tools

- Git (Basic)
- GitHub
- Visual Studio Code

Cyber Security

- Networking Fundamentals
- Secure Coding Fundamentals
- Problem Solving

PROJECTS

College Landing Page

Technologies: HTML5, CSS3, Vanilla JavaScript

Developed a modern, responsive multi-page college website featuring a Japanese-inspired design, interactive user interface components, custom animations, and responsive layouts optimized for multiple devices.

GitHub:

<https://github.com/kawin-cyber/College-Landing-Page>

Java OOP Projects

Technologies: Java, Object-Oriented Programming, Java Collections Framework

Created a collection of Java projects demonstrating core Object-Oriented Programming concepts including classes, objects, inheritance, encapsulation, abstraction, polymorphism, exception handling, and Java Collections Framework implementations using HashMap and LinkedList.

GitHub:

<https://github.com/kawin-cyber/java-oop-projects>

Python Fundamentals

Technologies: Python 3

Developed multiple Python programs focused on programming fundamentals, problem-solving, file handling, and essential data structures to strengthen core programming skills.

CERTIFICATIONS

- Microsoft Applied Skills – Secure Storage for Azure Files and Azure Blob Storage
 - Microsoft Applied Skills – Create and Manage Canvas Apps with Power Apps
 - Accenture – Digital Skills: User Experience
 - Scaler – Java Course: Mastering the Fundamentals
 - Scaler – JavaScript
 - TCS iON – Communication Skills
 - Infosys Springboard – Python Fundamentals
 - Infosys Springboard – Basics of Python
 - Infosys Springboard – Java Programming Fundamentals
 - freeCodeCamp – Responsive Web Design
 - freeCodeCamp – Legacy Responsive Web Design
 - IIT Madras Incubation Cell – LEAP
 - EF SET English Certificate
 - Anthropic – AI Fluency Learning Series (15 Courses)
-

LANGUAGES

- English
 - Tamil
-

INTERESTS

- Cyber Security
- Penetration Testing

- Ethical Hacking
 - Networking
 - Web Development
 - Artificial Intelligence
 - Open Source Technologies
